Sir,

Re: Inspection of Iron Works Tramways.

I have the honour to state that in Government Order No.R.S.2252-282 dated 26th January 1917, the Agent, Mysore Railways, has been appointed as the Inspector for Tramways, constructed and worked by local bodies within the State.

According to the above Government Order, the inspection of Iron Works Tramways has to be done by the Agent. As at present the Agent is a Traffic Officer, I request you will be so good as to kindly obtain sanction of Government to the inspection of the Iron Works Tramways being done by the Engineer-in-Chief, instead of by the Agent.

I have the honour to be

Your most obedient servant,

Bhadravati,

Dear Mr.Srinivasa Iyengar,

Due to some troubles experienced in our Furnace during the past one week, I am sorry there has been some delay in replying to your letter No.1525 dated the 27th January 1928 and your telegram of the 1st instant.

We are not aware of any Government Order authorising the Agent, Mysore Railways, to make an annual inspection of our Tramways. However, G.O.No.I.C.6605-08/ I...196-22-8, dated 28th April 1928, transfering the control of the Iron Works Tramways to the Board of Management provides for the Management of the Iron Works obtaining technical advice when necessary from the Agent and heads of Departments of the Mysore Railways System on matters pertaining to our Tramway operations. In accordance with this order, I think Mr. Dove Wilson was once requested to come and inspect our lines when he was the Agent. We shall be glad if you can also come now and inspect our lines and offer us advice regarding improvements under contemplation.

Our Board is likely to meet here about the 13th instant and all our Bangalows will be engaged till about the 15th. I shall be glad if you will kindly make it convenient to come here any day between the 15th and 20th. I am sure you will write to me in advance, the date of your visit.

Yours sincerely,

(Sd):- M. Venkatanaranappa,
